Masonry 5th Edition

About NCCER

NCCER is a not-for-profit 501(c)(3) education foundation created by the construction industry to develop standardized curriculum and assessments with portable credentials and certifications for skilled craft professionals.

A rigorous curriculum for premier craftworkers, NCCER's **three-part Masonry Trainee Guide** covers masonry tools and equipment, specifications, repair, restoration and reinforcement. Developed with Industry, the training builds hands-on skills for both residential and commercial masonry projects. It complies with federal standards for apprenticeship programs.

Key Features:

- 1 **Step-by-step instructions** throughout the text guide trainees through tasks, technical procedures and math equations.
- 2 **An introductory page** before each module lists objectives, trade terms and performance tasks.
- 3 **Trade features** present technical tips and professional practices based on real on-the-job scenarios.
- 4 **Review questions** test students' knowledge of the content they've just read.
- 5 **Profiles of industry leaders** offer trainees inspiring first-hand insight.
